

During the summer of 2016 I had the privilege of leading a team of 12 from Hill Village Bible Church (HVBC) in New Hampshire to help Onthatile Children's Ministries in Johannesburg South Africa. Our main project was to purchase and build a jungle gym for the children. There was also opportunity to help with other projects around the facility.

Another highlight of the trip was being able to get involved in ministry opportunities with various local churches and ministries in the area. We saw first hand front line missions in South Africa. There were many opportunities for the team to preach, teach, share testimonies, and be a witness.

It was not all work and ministry because there were also times to take in the sights, sounds and tastes of South Africa.

HVBC is the sending church of the Kirbys, and it was good for us to see their heart and passion for the ministry the Lord has called them to. If you are looking to support a children's ministry I highly recommend Joel and Rachael. They are choice servants of the Lord.

Kind regards,
Dan Boyce
Pastor of the Hill Village Bible Church
